## THIS IS NOT JUST ANOTHER CME

Presented through the backbone of a medico-legal case review, this program goes **beyond the traditional CME** model to empower participants to adopt a more integrated approach to diabetes care.

### PROGRAM HIGHLIGHTS:

- Case simulation with a real patient-actor
- What would YOU have done differently?  
Vote using your smartphone
- Get the 360° perspective on diabetes care from 4 different experts

### AFTER COMPLETING THIS SESSION, PARTICIPANTS WILL BE ABLE TO:

- Initiate early and aggressive glycemic control in patients with type 2 diabetes
- Recognize the importance of mental health issues in the management of patients with diabetes
- Proactively screen and manage diabetes-related foot complications as indicated
- Utilize best practice to avoid medico-legal issues and optimize patient care
